

Invest India

Invest India is the *National Investment Promotion and Facilitation Agency* for the **Government of India** and functions as a not-for-profit organisation under the aegis of **Ministry of Commerce and Industries**. Mandated to attract FDI into the country, Invest India is the working body of the Prime Minister's **Make in India** initiative. It is envisaged to be the first point of contact for investors who intend to enter or expand into the Indian market. It supports investors through the entire investment cycle starting from pre-investment research support to long-term assistance after market entry.

The team of domain and functional experts provides in-depth analysis of the Indian business environment and assists in smoothly navigating the Government setup. The close integration with various departments of the Central and the State Governments puts it in a distinctive position to drive initiative from grass root to the highest level. This has led Invest India to successfully effect policy changes favourable for doing business in India and make India the most favourable investment destination in the world.
